

## Science

Let's go a habitat hunt and let's dig around to see what we can find.

Heads, shoulders, knees and toes...How many different body parts can you find and name?

We will have a look at your favourite animals and find a little bit more about them.

## Computing

iSearch- *using the web to find things out*

iCreate- Children to use book creator to create a fact file about an animals

## Music

Let's make some music using drums and our bodies. Can we make some noise?

## DT

Get your imagination soaring as you think of exciting and new ways to bring your pictures to life using different moving mechanisms.

## Geography

Join explorers as we visit Kenya, the people and their landscapes.

Learn where Kenya is on a map and complete a variety of fun activities to learn about more Kenya!

# Let's Go on Safari

## Key Stage 1 Spring 2018
