

St Mary's Catholic Primary School

A doorway to a life of love and learning in the light of Christ.

Catch Up Funding 2020-2021

St. Mary's has been allocated £17,521 of catch up funding to support children to catch up lost time after school closure due to the pandemic.

Identified Impact of Lockdown:

<i>Maths</i>	<i>Specific content has been missed, leading to gaps in learning for all pupils. Rigorous, regular teaching of instant recall facts did not take place and therefore knowledge of these is not cemented as it should be. This includes times tables, number bonds, etc. Some pupils who felt anxious about their ability in maths need reassurance and extra support in order to bring them up to where they should be.</i>
<i>Reading</i>	<i>Pupils did not have access to books from the school library and were not necessarily heard read regularly. Whole class reading session could not take place and so pupils did not hear each other read or have the opportunity to talk about the book. Comprehension skills need improving.</i>
<i>Writing</i>	<i>Pupils did not have the opportunity for shared writing as a class and writing produced at home was not always high quality or of a good length. Pupils need more opportunities for extended writing and class shared writing. Activities such as the Big Write need to be reintroduced.</i>
<i>Non-Core Subjects</i>	<i>These were well catered for during lockdown but PE activities (team games etc) were missed - this will be covered by Sports Premium Plan. Other practical activities such as science experiments also need to be given a high priority.</i>

INTENT	IMPLEMENTATION (Chosen Resource)	Who will benefit?	What is the cost implication?	IMPACT
To close gaps in areas of the maths curriculum for specific pupils identified by class teachers	Third Space Learning Maths Tutoring and in-class resources	24 Pupils from across Y6 and Y5 - 12 sessions per pupil	£1499.50	22/24 pupils who took part made accelerated progress in maths The remaining 2 pupils made good progress Teachers have access to a wide range of new and challenging maths resources which support lessons and interventions.

To close gaps in areas of the maths curriculum for pupils eligible for pupil premium funding	Third Space Learning Maths Tutoring - Pupil Premium Pupils	12 Pupils from across KS2	£50 per pupil per term £600	All pupils who took part made at least good progress in maths during the summer term.
To close gaps in maths and literacy for all pupils in LKS2	EZ Education Doodle Maths and English	Online resource - All pupils in LKS2	£693	Over 90% of pupils in LKS2 made accelerated progress in maths and reading during the summer term.
To help to prepare year six pupils for SATs	SATs Companion Education Subscription	Online Resource - All pupils in Year 6	£469	This has not been use to full potential since school return and will be looked at next academic year. Impact will need to be measured next year using the built in assessments.
To provide high quality reading material for pupils whilst at home.	Bug Club Reading	Online Reading Resource - All pupils in EY and KS1	£1100	The objective was to ensure access to reading material for EY and KS1 pupils at home, during the pandemic. This has allowed that and been very successful. The comprehension activities have helped to develop this area also.
To provide high quality reading material for pupils whilst at home and for teachers to track reading progress at home and in school	Reading Plus	Online Reading Resource - All pupils in KS2	£8000	The objective was to ensure access to reading material for KS2 pupils at home, during the pandemic. This has allowed that and been very successful. The comprehension activities have helped to develop this area also. Reading data showed that 89% of pupils made accelerated progress in the summer term.
